Software Engineer

Results-driven Software Engineer with 6+ years of experience building scalable, high-performance web and mobile applications. Specialized in Shopware 6, Next.js, React Native, Expo, and Redux, with a strong focus on performance optimization and seamless user experiences. Proven track record of delivering production-grade solutions, integrating complex APIs. Experienced in leading development efforts, collaborating across teams, and mentoring junior engineers in fast-paced environments.

EXPERIENCES

Horizon Plus | Frontend Developer

Oct 2025 - Present

- Developed **enterprise eCommerce** using Shopware across multiple production projects.
- Built scalable UI with React and Next.js, focusing on performance and UX
- Implemented **system dashboards** with clean architecture and efficient data handling.
- Collaborated with teams to deliver **production-ready, maintainable code** in fast-paced environments

Niibu Inc. | Frontend Engineer

Aug 2024

- Engineered and launched scalable web and native mobile applications using Next.js and React Native, enhancing user experience across diverse devices.
- Reduced application latency by 25% by integrating complex APIs and implementing advanced Redux state management, directly improving user interaction and responsiveness.
- Accelerated frontend loading times by 30% through strategic code splitting and performance tuning, significantly improving initial page load for users.
- Optimized API performance and enhanced overall application scalability through close collaboration with backend teams, supporting high-volume data traffic.

Banao Technologies | Frontend Developer

Aug 2023 - Sep 2024

- Led the end-to-end design and development of high-performance web applications using Next.js, React.js, Redux, and TypeScript, boosting user engagement by 40%.
- Improved application performance by 30% by overseeing seamless integration of front-end and back-end services, specifically optimizing API communication protocols.
- Streamlined front-end solutions delivery by conducting thorough requirement analysis and ensuring alignment with industry standards and cross-functional team goals, reducing post-launch issues.
- Mentored 7 junior developers, elevating their technical skills and fostering a collaborative, high-performing team environment, which resulted in improved project velocity.

Across The Globe | Full-Stack Developer (intern)

Apr 2023 - Aug 2024

- Integrated Active Directory (AD) services within applications, enabling seamless authentication and access control mechanisms for users.
- Managed version control and collaborative development workflows using Git and GitHub, ensuring code integrity and efficient team contributions.
- Collaborated effectively with cross-functional teams (developers, designers, stakeholders) to deliver all projects within specified timelines and quality benchmarks.

SKILLS

- Frontend:** HTML5, CSS3, JavaScript, React.js, Next.js, TypeScript, Redux, Tailwind CSS, Material-UI, Axios, Shopware, Shopware Plugin, Shopware CMS, Twig, Sass
- Backend:** Express.js, MongoDB, PostgreSQL, Prisma, RESTful APIs, JWT, Zod, NestJS
- Mobile UI:** React Native, ExpoCLI, Zustand, React Navigation, Staylesheets
- Tools:** Git, GitHub, Slack, Figma, Postman, Prompt Engineering

EDUCATIONS

National University, Dhaka, Bangladesh

2022 - 2025

BBA (Hons.), Accounting

Programming Hero

Dec 2022 - Apr 2023

Full-Stack Development

Programming Hero

Nov 2023 - Dec 2024

Apollo Full-Stack L1
